How to add a page to WordPress

This set of instructions will demonstrate how to create one of the more basic functions of WordPress, a page. Follow the tasks in sequential order and take careful note of selecting the correct option to fit desired needs. The instructions are straightforward and easy to follow, and alt text is available if needed.

- 1. Sign in to sites.ewu.edu
- 2. Add new page from WordPress dashboard menu
 - Access dashboard of website
 - Click "Pages" tab (1)

Figure 1

• Click "Add New" button (2)

| Pages Add Ne | | 2 | | | | |
|---------------------------------------|--------------------|--------------------------------|------|---------------------|------|--|
| All (57) Mine (1) Bulk Actions | Published Apply | (53) Drafts (4) All dates | Page | e Builder Filter | (19) | |
| Figure 2 | | | | | | |

Add new page from admin bar

- Hover over "+ New" tab (3)
- Click "Page" from drop down menu (4)

Figure 3

- 3. Preview Page
 - Locate Publish section on right side of screen.
 - Click "Preview" button (5)
- 4. Save Draft
 - Locate Publish section on right side of screen
 - Click "Save Draft" button (6)
 Note: Pages can be saved as drafts that will not be published on WordPress
- 5. Publish
 - Locate Publish section on right side of screen
 - Click the "Publish" button (7)

Figure 4

The page is now created. Repeat these instructions as many times as desired to create more pages. Refer back to these instructions whenever necessary as a reference for creating pages in WordPress.

| Figure Number | Alt Text Title | Alt Text |
|---------------|------------------------------|--|
| Figure 1 | Clicking "Pages" tab | The left side of the dashboard is shown, with the "Pages" tab highlighted. |
| Figure 2 | Clicking on "Add New" button | The "Add New" button at the top of the dashboard is highlighted. |
